

The Double Gamble: Unraveling the Interplay Between Gambling Disorder and Mental Health Challenges

August 27, 2024
12- 1:00 PM
On ZOOM

Presented by: Janet Thode, M.A. OCPS, Gambling Prevention Coordinator, Maryhaven, Inc.

Approved for 1 CEU for counselors, social workers, and marriage and family therapists

In this training, participants will explore the intricacies of gambling disorder and mental health concerns. By exploring the diagnostic criteria and key features attendees will gain a comprehensive understanding of gambling disorder and its differentiation from casual gambling behavior. Participants will also learn about the neurobiological underpinnings of gambling disorder, the role environmental and social factors that may shape onset and progression of gambling disorder, and integrated treatment approaches aimed at addressing both conditions concurrently.

This training is free for Syntero employees/interns and \$20 for community members. Scan QR code to register or visit bit.ly/SynteroAugTraining
