

Same Day Access

Youth Mental Health Services at Syntero

Program Overview

During Same Day Access hours, Youth 3-18 can walk in to a Syntero Office with a parent/guardian to meet with a Mental Health clinician for an assessment.

Mental Health Crisis?

- If immediate safety is not an issue, Same Day Access is a great resource to help stabilize a crisis.
- If your child is experiencing a crisis that threatens the immediate safety of themselves and/or others, please contact 988 or visit your nearest emergency room.
