For a Minor Seeking Treatment without Parental Consent:

As a minor 14 years of age or older, I understand I am entitled to receive counseling services for no more than six sessions or thirty days, whichever comes first, without the consent of my parent/guardian and without that parent/guardian being informed. If services extend beyond that point, I will work with my therapist to involve my parent/guardian in treatment.

2023 Standard Rates

**Subject to change-updates are posted in our agency lobbies*

Service Type:	Rates:
Diagnostic assessment	\$200 per clinical hour
Individual psychotherapy	\$160 per clinical hour
Psychiatric assessment	\$267 per clinical hour
Group psychotherapy	\$55 per clinical hour
Intensive outpatient for substance use (IOP)	\$218 per group

Please be aware that your services at Syntero begin with an assessment, completing your assessment may take multiple appointments and if your provider is not in network with your insurance, you will be responsible for the full charge

- I understand that failure to provide insurance or supplemental coverage information in a timely manner will result in my being responsible for full payment for my services.
- I understand that I am responsible for providing up-to-date and accurate insurance information and that a change in my insurance plan could result in a full fee charge/change in payment or change in provider.
- I understand that Syntero will bill my insurance carrier as a courtesy, but that I am responsible for understanding my own benefits and ensuring Syntero receives payment.
- I understand that, if my insurance is considered Out of Network with Syntero and if the cost of services is higher than what my insurance will cover, my explanation of benefits (EOB) can state a zero-dollar amount Client Responsibility. However, I will still be responsible for paying the remaining balance that my insurance does not cover.
- I understand that at each visit I am expected to make a payment as a deposit toward my patient financial responsibility but that it may not be the total amount that I will be responsible for, as the total amount due is based on my insurance plan.
- I understand that if I have a high balance, services may be discontinued until a payment plan is arranged.
- I assign to Syntero any third-party benefits due from any and all insurance benefits in an amount not to exceed Syntero's regular and customary charges for services.
- I assume responsibility for determining in advance whether the services provided and the provider are covered by my insurance or other third-party payer.
- I authorize Syntero to disclose medical information as required by any third-party payers to process a claim for service.
- I understand that I am expected to keep my appointments and, if I must cancel or reschedule an appointment, I will provide as much notice as possible. **I understand that, should I have to cancel my appointment, and I am not able to give a full business day notice, I may be charged a \$25 cancellation fee.**

INFORMED CONSENT ADDENDUM FOR TELEBEHAVIORAL HEALTH SERVICES

Syntero continues to monitor the latest preventative measures recommended by the Centers for Disease Control and the State of Ohio to curb the spread of the COVID-19 virus. Effective immediately, we are providing telebehavioral health services rather than face to face services at our offices.

What is Telebehavioral Health?

Telebehavioral health includes the practice of diagnosis, treatment, education, goal setting, accountability, referral to resources, problem solving, skills training, and help with decision making through the use of internet-based videoconferencing or phone calls. Services may include counseling, case management and psychiatry including the prescribing of medications.

1. Benefits include greater flexibility by geographical location, reduction of travel to a physical office and participation from your own home environment.
2. Risks include the potential breakdown in the technology including poor connection, loss of sound or loss of connection. A second factor that may impact the communication is that nonverbal cues are less readily available to both the clinician and the client.
3. All existing laws regarding privacy, confidentiality, access to mental health information, and client rights and grievance procedures apply the same as face-to-face sessions.
4. Nobody will record the session without the permission from the other person(s).
5. It is important to be in a quiet, private space that is free of distractions (including computers, additional phones, or other devices) during the session.
6. Only agreed upon participants will be present in the room of the clinician and the client during the telebehavioral health session.
7. The clinician will verify the physical address of the client's location at the start of each session. This is to ensure we are "meeting" at a place that will protect your confidentiality (e.g. No coffee shops or public places). Sessions will not occur while any of the participants are driving.
8. It is important to be on time. If you need to cancel or change your tele-appointment, you must notify the clinician in advance by phone.
9. We need a back-up plan (e.g., phone number where you can be reached) to restart the session or to reschedule it, in the event of technical problems.
10. We need a safety plan that includes at least one emergency contact and the closest ER to your location, in the event of a crisis situation.
11. If you are not an adult, we need the permission of your parent or legal guardian (and their contact information) for you to participate in telebehavioral health sessions.
12. Your clinician may determine that due to certain circumstances, telebehavioral health is no longer appropriate and that we should consider alternative resources for your treatment.
